Dear Cynthia:

This is just a short note to thank you for your help and insight in getting our websites up and running, not only for my law firm, but also our non-profit organization, Stone Soup Alliance. I was extremely impressed at how quickly you had the entire SSA site ready to go, and how you handled everything in such a professional manner. Your responses to questions and help in guiding us through the process are always very timely, and we appreciate so much your care and attention to detail.

The websites themselves are fantastic, and they speak for themselves as to your design talent and marketing skills. We have found it very easy to navigate through the site's editing tools; being able to add to and edit the content at anytime is such a valuable and convenient advantage.

Thank you again for your great service. We look forward to a long and beneficial relationship, and please feel free to have any of your clients or prospective clients give me a call with any questions.

Sincerely,

DALON J. MORGAN, PLC
